

## Black Chair Mats

Black Chair Mats are an alternative to traditional clear and wood chair mats due to their simple, sleek design and commercial-grade construction. Black desk chair mats allow chairs to easily roll around while protecting your floor.

These black office mats come with a smooth backing for use on hard floor surfaces as well as a gripper backing for placement on carpet.

Constructed from commercial-grade vinyl, these mats will prevent dimpling thus allowing for easy movements.

- Please call for custom chair mat shapes and sizes.

- NOTE: A "lip" is defined as a protrusion or extension from the edge of the mat. The lip protects the floor under the desk where the chair may roll if scooted all the way in. Chair Mats with a lip are listed using the overall size of the mat including the lip; thus, the rectangular portion of the mat is smaller than the corresponding size listed.
