

## Corrugated Spongecote Anti-Fatigue Mats

Designed with ergonomics in mind, this mat readily adapts the worker to the workstation by providing comfort all day long. This anti-fatigue mat has beveled safety edges and comes with a standard 1/2" overall thickness.

- These anti-fatigue mats are super resilient with a Nitricell sponge base, which is a special Nitrile rubber/PVC compound designed for comfort and long life

- Corrugated SpongeCote is available in a rubber and a vinyl surface:

(1) The rubber mat is best for spilled water and dusty debris that fall on the mat. Rubber provides slightly more traction.

(2) The vinyl Corrugated mat is best for extra chemical resistance and is available with yellow safety borders.

- Corrugated Spongecote Mats can be made with custom cuts & configurations.

Item No: FCS
