

Cushion Max Anti-Fatigue Mats

Cushion Max Anti Fatigue Mats are an excellent alternative to traditional uniform construction foam comfort mats. Cushion Max are made from a Nitrile / PVC closed-cell cushion and provides superior durability and rebound anti fatigue properties for continued comfort while standing.

- Cushion Max Anti-Fatigue Mats offer a diamond surface design for added slip-resistance.
- These cushion max mats are available both with and without drainage holes to allow moisture, debris to fall below the mat.
- Available 5/8" thick.
- Cushion Max comfort work well in in warehouses, picking lines, assembly lines, work stations, food services, check out stations and other slightly wet or dry environments.
- Cushion Max mats are treated with an anti-microbial agent to help protect against bacterial growth, odors and product degradation.
