

Cushion Trax Anti-Fatigue Mats

Cushion Trax Anti-Fatigue Mats are one of our most industrial comfort mats, providing unmatched cushion and durability for years of standing relief.

The nitricell sponge base of these cushion trax mats provides exceptional rebound while standing on the mat, which translates to enhanced employee productivity and improved morale.

Cushion Trax mats have a diamond deckplate surface pattern for greater traction while still providing an easy-cleaning surface. These anti-fatigue mats are ideal for use in industrial locations as the surface resists abrasion and most chemical spills.

All edges are beveled so as not to be a trip hazard (and meet ADA compliance).

These cushion trax anti-fatigue mats are available with yellow OSHA approved safety borders for maximum awareness.

Cushion Trax mats can also be constructed in custom lengths and shapes.
