

Oversized Deluxe Carpet Mats

Deluxe Carpet Entrance Mats are the highest quality carpeted entrance mats constructed from DuPont's finest Opti-twist, solution-dyed nylon fibers. The surface of these deluxe entrance mats resists crushing, more effectively traps dirt, debris & moisture and extends performance life. Mats 7' and over are produced by bonding two smaller widths but have the same durability and warranty as our standard Deluxe Carpet Mats.

- These carpeted floor mats are backed and bordered with a slip-resistant Nitrile, which provides for maximum durability, longevity, resistance to grease and oils, and resistance to mat movement.
- Use these floor mats as entrance door mats and walk-off mats as well as runner mats down corridors and hallways.
- Clean floor mats by vacuuming, extraction cleaning, or hose and hang to dry. These floor mats are also commercially launderable.
