

Design Print Chair Mats – Carpeted Surfaces

These eye-catching designer chair mats protect floors and allow desk chairs to roll easily while bursting with color. These chair mats increase range and ease of motion while seated on carpeted surfaces.

- Hundreds of molded spikes on the backside help to hold the mat on virtually any surface including cut-pile and loop carpet while not damaging the floor beneath.
- **LIFETIME WARRANTY** on all Chair Mats against cracks due to normal wear and tear.
- Chair mats available in 3 thicknesses - Economy, Regular and Standard. See the **CHAIR MAT THICKNESS** link below for more info.
- **NOTE:** A "lip" is defined as a protrusion or extension from the edge of the mat. The lip protects the floor under the desk where the chair may roll if scooted all the way in.
- **NOTE:** Chair Mats with a lip are listed using the overall size of the mat including the lip; thus, the rectangular portion of the mat is smaller than the corresponding size listed.
