

Static Free Work Pads

Static Free Work Pads are a functional, effective solution in areas where static control is imperative.

Designed for workbenches and desks, it's a flexible, three-layer construction is for use underneath computers and at workstations where sensitive components are packaged or repaired.

This three-layer material has a conductive scrim sandwiched between two layers of vinyl. This provides excellent electrical properties.

FOR MAXIMUM EFFECTIVENESS, ground the mat using our Wrist Grounding Cord and ground the worker with our Wrist Grounding Strap. **SOLD SEPARATELY.**

Item No: SSFWP
