

## Super Brush Recessed Mats – Cocoa Alternative

Super Brush Mats are commercial-grade, synthetic cocoa mats, well suited for highly-traffic areas, as they can capture large amounts of dirt, debris and moisture. Made from 100% needle-punched polypropylene fibers, these floor mats have a dense, heavy face weight, made for long-term use.

- High-low surface pattern aggressively scrapes and brushes shoes to remove both large and small particles as well as water.
- Super Brush Mats are soft to walk on, yet their solution dyed fiber is coarse enough to effectively clean shoes and hide the appearance of walking patterns.
- UV-stabilizers make these entrance mats resistant to fading and remain fast drying compared to natural cocoa mats.
- These entrance mats feature a heavy-duty rubber backing.

**\*\*** Super Brush Mats can be manufactured up to 13' 2" wide and virtually any length, please call for pricing for custom shapes and sizes.
