

24/7 Drainage Modular Anti-Fatigue Mats

24/7 Drainage Modular Mats provide superb comfort, resulting in enhanced employee productivity and are ideal for oversized and odd-shaped areas and can even be customized. These mats have a slip-resistant rubber construction and allow debris and fluid to drain through.

General (All) Purpose is designed for heavy-use dry areas that are exposed to everyday dirt & debris.

CFR Formula is designed for heavy-use areas that are exposed to mineral oil-based cutting fluids.

NBR Formula is designed for heavy-use areas that are exposed to petroleum-based fluids and petrochemicals.

- Available with Gritworks, a carbide grit surface for superior traction on the CFR and NBR formulas.
- Environmental Green Rating: 33% Recycled Content.
- These anti-fatigue mats are available with yellow borders for maximum safety awareness.
- 24/7 Anti-Fatigue Mats can be customized to virtually any configurations.

Item No: F247DM
