

## Bamboo Chair Mats

Bamboo Chair Mats add elegance to any office. Our durable bamboo mats are made with ecologically-friendly bamboo, a highly renewable resource.

- During manufacturing, the bamboo is kiln-dried to an ideal moisture level which helps prevent cracking and warping.
- Bamboo desk mats stay in place on carpet and hard floors thanks to the felt backing, which also helps protect the floor.
- To help ensure these bamboo chair mats do not crack, 3 thicknesses are available: 1/5" thick (5mm); 1/3" thick (8mm) and 1/2" thick (12mm). The 1/2" thick floor mats fold up; the other thicknesses can be rolled up.
- Floor Mats are finished with a durable, eco-friendly, UV-resistant coating for superior protection.
- Rubber or soft polyurethane casters (chair wheels) are recommended.

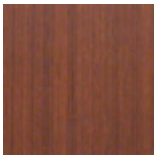

NOTE: A "Lip" is the tongue that extends from the edge of the mat and covers the floor just beneath the desk. The dimensions shown below with a lip are listed as the total size of the mat (and thus inclusive of the lip).
