

Ventilated Chair Mats for Carpet

Ventilated Chair Mats for Carpet are chair mats with hundred of small air vents to allow moisture to escape from under the mat and not build up underneath, which could lead to mold and mildew. These vented chair mats are ideal for any location with moisture rising up through the carpet - ventilated chair mats allow your carpet to breath.

- Each mat has a 1/8" circular vents spaced every 2.5" apart. This spacing allows the carpet to breath while still providing a smooth rolling surface.
- Chair mats have the Premium thickness (1/5" = 200 mil).
- Please call for custom chair mat shapes and sizes.
- NOTE: A "lip" is defined as a protrusion or extension from the edge of the mat. The lip protects the floor under the desk where the chair may roll if scooted all the way in. Chair Mats with a lip are listed using the overall size of the mat including the lip; thus, the rectangular portion of the mat is smaller than the corresponding size listed.
