

## Baby-Soft Interlocking Foam Tiles

Baby-Soft Interlocking Foam Tiles are the ideal foam puzzle tiles for play areas for babies and young children. These interlocking foam tiles are made from 100% premium EVA foam and are completely safe for children. These foam puzzle mats are both & supportive for sitting, crawling, walking or playing.

Baby-Soft Interlocking Foam Tiles measure 1' x 1' and easily lock together. There are two standard set sizes available that cover either 5' x 5' or 6' 6" x 6' 6". Blue/ivory and pink/ivory color combinations are available.

This babysoft foam flooring is lightweight, waterproof, soundproof, portable, shock absorbent and fun for learning the ABC's and 123's! BabySoft Foam Puzzle Tiles are the overwhelming choice for parents looking for a comfortable and safe foam flooring.

These 1/2" thick tiles come with finished edges on all sides. The 5' x 5' set features on the ABCs while the 6' 6" x 6' 6" set comes with both letters and numbers.

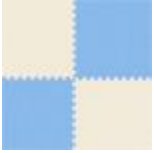

For use in homes, daycare facilities, schools, churches, or anywhere needing a great foam floor for children.
