

Chair Mat Runners

Our Chair Mat Runners are perfect for protecting larger carpeted locations or areas where a standard shaped chair mat does not provide adequate coverage.

- Grippers on the underside of these office mats hold the carpet, helping to prevent the mat from sliding and shifting.
- This chair mat runner is ideal for locations that require extra long or custom length floor protection. Conference tables, work stations, call centers and work tables often require longer and custom sized desk chair mats.
- 1/10" thick up to 50' long customizable in 1' increments.
- NOTE: Although labeled "Custom Configuration," all prices are based on "Standard Size Configurations."
