

Diamond Plate Anti-Fatigue Mats For Wet Areas

Knob Backed Diamond Plate Anti-Fatigue Mats for Wet Areas provide the superior comfort and long-lasting durability of our traditional Diamond Plate Anti-Fatigue matting but with a fully enclosed outer layer making it suitable for wet and oily locations.

These wet area anti-fatigue mats offer a diamond plate surface that is permanently bonded to a resilient, closed cell polymeric sponge base, which creates a sealed envelope that totally encapsulates the sponge core, making these mats ideal for wet and oily environments.

- Knob backed Diamond Plate Anti-Fatigue Mats are self-extinguishing, nonflammable, and chemical resistant.
- These Diamond Plate Anti-Fatigue Mats are available 3/4" and 1-1/8" thick.
- All edges are beveled and sealed for safety and durability.

Item No: FKBDPWA
