

## Diamond Sof-Tred Anti-Fatigue Mats

Diamond Sof-Tred Anti-Fatigue Mats are long-lasting sponge comfort mats, which are made with a durable, cross-linked PVC for improved comfort and performance. The diamondplate surface provides for enhanced traction, especially when constantly moving on and around the mat.

- A proprietary Dyna-Shield protective coating is added to the top and bottom of all Diamond Sof-Tred mats, which extends the life of these comfort mats while also helping to protect against damage from constant wear and tear.
- Diamond Sof-Tred mats are produced 1/2" thick and come with beveled edges on all sides.
- The Dyna-Shield coating helps these Diamond Sof-Tred mats outperform other foam fatigue mats in both tear resistance and also in tensile strength.
- To clean these diamond top anti-fatigue mats, lightly sweep or wipe down, as needed.
