Dual Density Entrance Mats

Dual Density Entrance Mats offer an alternating scraping and drying stripe surface pattern for excellent brushing and wiping abilities. These dual surfaced door mats combine a scraping loop pile yarn with an absorbent Decalon loop pile yarn for years of effective cleaning.

The alternating stripes on the Dual Density Entrance Mats run the width of the mat (perpendicular to the walking direction) to help remove dirt and debris.

- These dual density floor mats are 3/8" thick.
- This entrance mat's surface fibers are color-coordinated to coordinate with almost any decor while providing commercial-grade functionality.
- A heavyweight, non-slip vinyl backing reduces floor mat movement, especially on hard floor surfaces.

Item No: EDDEM

Standard Sizes (Approximate)
