

Eco Friendly Chair Mats

Our clear-as-glass Eco Friendly Chair Mats are the toughest PVC-alternative chairmats on the market. These desk mats are impact and shatter resistant yet still offer a smoother, easier rolling surface which does not dimple or dent.

- Unparalleled sustainability:

- Odorless BPA-Free, EA-Free and Ortho-Phthalate-Free
- Stain resistant and withstands harsh cleaners
- 45% greenhouse gas reduction over polycarbonate
- Energy savings over polycarbonate and outlasts polycarbonate 3 to 1
- Superior useful lifetime of product reduces landfill usage

- *5 year warranty on all Eco Chair Mats against cracks due to normal wear and tear.

- Chair mats available with grippers for use on carpeted surfaces and a smooth backing for use on hard floors.

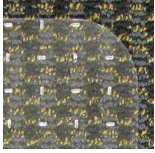

- NOTE: A "lip" is defined as a protrusion or extension from the edge of the mat. The lip protects the floor under the desk where the chair may roll if scooted all the way in. The picture to the left has a lip.

- NOTE: Chair Mats with a lip are listed using the overall size of the mat including the lip; thus, the rectangular portion of the mat is smaller than the corresponding size listed.
