Elevator Floor Matting – Carpet

Carpeted Elevator Floor Mats are high-quality, heavy-duty mats, ideal for highly-traffic elevators cabs. Constructed from needle-punched polypropylene, these floor mats have a dense, heavy face-weight, well-suited for heavy commercial use.

- These elevator mats have a high-low, hobnail surface texture cleans shoes and provides added traction. The coarse, solution-dyed fiber surface hides the appearance of walking patterns and protects your cab floors.
- UV-stabilizers make these elevator floor mats resistant to fading and fast drying.
- Elevator floor matting feature a heavy-duty rubber backing and beveled border around all edges. We can also provide edging only on the front side facing the elevator door.

** Elevator Floor Mats can be manufactured up to 13' 4" wide and virtually any length, please call for pricing.

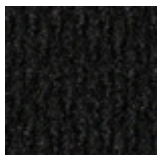

Item No: ESBEFMC

Standard Sizes (Approximate)
