

Endurable Anti-Fatigue Mats

Endurable Anti-Fatigue Mats are a popular, economical option for foam anti-fatigue mats needing greater durability.

- Endurable mats have a remarkably durable and abrasion resistant surface, which holds up much better in commercial and industrial environments compared to competitor's vinyl comfort mats.
- Available 1/2" thick with beveled safety edges.
- These durable cushion mats have a comfortable vinyl sponge, which is heat sealed to the durable surface to produce a single-piece construction.
