

Enviro Plus Entrance Mats

Enviro Plus floor mats are our most environmentally advanced product to date. These 'green,' environmentally friendly door mats are made with a recycled PET plastic surface material and a recycled tire rubber underside.

- Ridged wiper surface aggressively scrapes away fine dirt and removes moisture.
- Multi-directional, diamond design helps keep floors clean regardless of traffic direction.
- Comes with an attractive, ADA-compliant fabric border.
- Anti-static polypropylene surface lengthens life-span and reduces fading compared to standard nylon surfaces.
- UV-resistant carpeted surface material remains unaffected even in sunlight.
