

ErgoStance Anti-Fatigue Mats

ErgoStance is ergonomically designed to stimulate blood flow and prevent fatigue. This 1/2" thick, amazingly comfortable sponge base consists of low-density and high-density rubber sponge strips, alternating every 12".

- Alternating densities actively stimulate leg muscles, which encourages circulation and lessens fatigue.
- ErgoStance has an attractive marbled rubber surface that withstands heavy use in all commercial and assembly areas.
- Ergostance Mats can made with custom cuts & configurations.

Item No: FES
