

Ergodeck Diamond-Plate Anti-Fatigue Mats

ErgoDeck Diamond-Plate Anti-Fatigue Mat Tiles are interlocking ergonomic mats, which have been engineered for individuals who are constantly standing and need both anti-fatigue comfort as well as traction over large areas and non-rectangular setups. These ergodeck tiles boast the ever-familiar diamond surface pattern, which affords great traction and slip resistance on this popular interlocking anti-fatigue matting tile. Ergodeck Diamond-Plate still allows carts to roll across.

- LockSafe design locks tiles with each other like a puzzle. Easily disconnect and replace tiles if damage should occur. If needed, the tiles can be cut to fit within 3" increments and still lock together.
- Tiles are 18" x 18" x 7/8" Thick and can hold up to 300 lbs.
- 6" beveled safety ramps and in/outside corners available.
- Manufactured from 100% recycled content.
- Limited Lifetime Warranty against defects in material.
