

## Ergonomic Foam Salon Mats

Our Ergonomic Foam Salon Mats offer unmatched, 1" thick comfort foam for salon professionals to not become fatigued from standing all day while increasing productivity and performance.

- These exceptional salon mats offer a modern style and premium comfort while decreasing stress and strain to the back, legs and feet to dramatically reduce fatigue.
- The polyurethane sponge construction offers the perfect balance between compression & rebound which absorbs & disperses weight and provides the needed stability support.
- These polyurethane salon mats are exceptionally resistant to both punctures from high heels, scissors and razors as well as being resistant to most chemicals.
- Ergonomic salon mats are produced in an unmatched 1" thickness and have beveled safety edges on all sides for a gradual transition on and off of the mat.
