

Fitness Equipment Gym Mats

Fitness Equipment Gym Mats are gym mats constructed for use under treadmills, station bikes, stairmasters and elliptical machines in both residential and commercial locations.

Both foam and rubber mats available:

--**Foam** gym mats are perfect for home use and light-duty commercial use (such as in hotel gyms).

--**Rubber** mats are ideal for heavier-use / commercial environments.

- Available in 2 thicknesses: 1/4" thick foam mats and 3/16" thick rubber/vinyl mats.
- Both types of gym mats are treated with an anti-microbial agent to prevent bacterial growth.

Item No: GFEGM
