

Garage Floor Matting – Center Connectors

Garage Floor Matting Center Connector Trim allows you to easily link two roll out garage mats together to form one larger mat. The double slot firmly holds both mats for a long-term, waterproof seal solution.

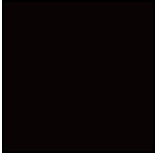

- The double-slotted connector design makes linking roll-out mats quick and easy.
- This garage connector trim is available 25' long and can be cut to any length needed.
- A waterproof seal ensures that liquids will not drain between the mats and the connector.
- Ensure a clean finished look with 3 colors - black, grey and clear - to coordinate with any garage.
- The commercial-grade vinyl construction is durable and holds up to the most extreme conditions and yet is easy to trim to fit any space.
