

## Grade A Food Production Mats

Grade A Food Production Mats are the first mats designed specifically for the food processing and manufacturing industries. The specially formulated anti-bacterial Nitrile rubber composite is designed to withstand solutions used in a wide variety of food processing environments: vegetable oils, animal fats, citrus, and fish oil.

- Passes ASTM G21-96 (2002), the test used by NSF to determine resistance to microorganisms. It is 100% anti-microbial.
- Built-in handles to ease pick-up and cleaning of the mats.
- Hygienic porthole and solid underside design simplify cleaning and virtually eliminates areas where food collects.
- Substantial underside knobs allow quick drainage and increase the comfort level of the mat.
- Textured surface increases traction when greasy and wet.

Standard Sizes (Approximate)				
Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 26+
30" x 36"	\$98.04	\$96.60	\$94.40	\$91.96
30" x 60"	\$148.12	\$145.88	\$142.20	\$139.96
