Non-Slip Floor Mat Eco Backing is a water based, eco-friendly coating which offers enhanced traction for floor mats, especially in heavy-use, commercial applications.

Replace carpet pads and sticky tapes with a more effective and lasting non-slip coating that can be easily brushed or sprayed on and does not have to be re-applied even with constant commercial washing and laundering.

- This non-slip backing enhances traction on virtually any type of flooring including carpet, vinyl, linoleum, marble, wood, ceramic and concrete.
- Non-Slip Backing acts as a protective barrier against spills and will reduce wear and tear. This eco-friendly material is not affected by liquids such as alcohols, detergents and cleaners and prevents the growth of mold and mildew.
- This material will not stain or damage the mat or the flooring it rests on.
- Non-slip mat backing is easy to apply using a soft bristle or foam brush.
- 1/2 Pint covers 25 SF, 1 Pint covers 50 SF, 1 Quart covers 100 SF and 1 Gallon covers 400 SF.
