

Outdoor Rubber Paver Tiles

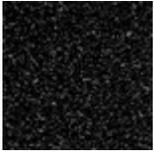

Outdoor Rubber Paver Tiles provide superior noise reduction and impact absorption for any outdoor environment including walkways, playgrounds and rooftop terraces.

- These outdoor pavers are slip-, frost- and stain-resistant.
- The rubber tiles are water permeable and have a light weight texture.
- Minimal maintenance required.
- Sustainable product manufactured from recycled materials including recycled SBR rubber and EPDM rubber.
- Surface: Outdoor Paver Tiles are available in a smooth or brick surface design while the Rooftop Paver Tiles are available in smooth surface design only.
- Outdoor Pavers: Interlocking Tiles: 24" x 24" x 3/4". Non-interlocking Tiles: 23-3/4" x 23-3/4" x 3/4".
- Rooftop Pavers: 24" x 24" x 1-3/4" and 24" x 24" x 2-1/2".
