

Polyurethane Sponge Salon Mats

Our Polyurethane Sponge Salon Mats help salon professionals perform better and increase productivity by making them more comfortable throughout the day.

- These barber mats provide style and exceptional comfort while increasing circulation in the back, legs and feet to dramatically reducing on-the-job fatigue.
- The carefully engineered polyurethane sponge provides an optimal balance between compression and resistance which absorbs and disperses shock and provides the necessary stability support all while offering superior performance and durability.
- These polyurethane mats are highly resistant to both punctures and chemicals.
- Sponge salon mats are available 1/2" and 3/4" thick.
