

Ram Board

Ram Board offers professional-grade, temporary floor protection during demolitions, construction and renovation projects. Ram Board is manufactured from heavy-duty, Flex Fiber, which is designed to expertly protect new and existing floors from all types of wear and tear that occur on a jobsite.

- This 46mil Ramboard is economically priced plus it's quick & easy to roll out with no tools required and lays flat fast, reducing labor costs.
- The exclusive Vapor-Cure technology allows new floors that are curing to breathe underneath Ramboard, making it the ideal solution for protecting virtually any type of new and existing flooring, including concrete, wood, stone, tile, linoleum, vinyl, terrazzo and epoxy, among other floors.
- Ram Board boasts Spill-Guard technology and is a non-staining floor protection product.
- Protect floors for \$0.19 per square foot!
- Ram Board is a green product, meaning it's made from 100% recycled material, is fully recyclable and is reusable.
- Furthermore, Ram Board is manufactured in the US and FSC certified and can contribute to LEED points.
