

Safety Grip Grit Tape

Safety Grip Grit Tape provides superior traction on stairs, ramps, loading docks and ladders. Our Grit Tape adheres to just about any clean, dry surface including wood, metal and concrete.

- Safety Grip Tape and Grip Grit Pads easily adhere to surfaces by simply peeling off the backing and sticking to any surface.
- The top surface of Safety Grip Grit Tape and pads is infused with silicone carbide particles. As these particles wear down, they chip into continuously aggressive, finer particles that continue to provide traction.
- For applications exposed to water, grease or oil, an optional edge sealing compound is recommended.
- Grip Tape rolls available in any color; Safety Grip Tape Pads only available in black.
- Custom signage, colors and logo designs available.

Item No: ASGGT
