

Smooth Marbleized Military-Grade Switchboard Mats

Designed to meet strict military standards, Smooth Marbleized Military Switchboard Matting is non-conductive matting with a dielectric strength of 30,000 volts.

- The smooth vinyl surface is easy to clean and offers exceptional ozone and oil resistance.
- Available 1/8" thick
- Smooth Military Switchboard Matting meets Mil. Spec. 15562G, Type I.
- Marbleized Floor Matting is designed primarily for permanent installation by bonding to the existing floor with any vinyl-compatible, mastic adhesive.
- Welding thread is available to seam mats in both colors.
- **NOTE:** When installing multiple widths of this matting side-by-side, it is imperative to seal all of the seams to ensure the mat's reliability and consistent insulative properties. We recommend hiring professional flooring installers, as they have experience and the necessary machinery to bond this material.

Item No: SSMMG

Standard Sizes (Approximate)

Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 26+
