

Sterile Room Anti-Fatigue Mats

The Sterile Room Anti-Fatigue Mat provides comfort in sterile environments including operating rooms, pharmacies where medicines are mixed, laboratories, radiology rooms and HazMat areas.

The SBR/Nitrile compound is resilient, and totally anti-microbial.

Tested to withstand extensive sterilization in an autoclave, the mat's solid, non-porous surface can also be wiped clean.

The "domed" surface design provides an ideal level of comfort, while the individual size fits flat into standard autoclaves for efficient, effective cleaning.

Item No: FSR
