

Supreme Cushion Anti-Fatigue Mats

Supreme Cushion Anti-Fatigue Mats are manufactured with a unique construction: the outstandingly durable, dual-layer design is complemented with a comfortable, yet resilient vinyl-nitrile rubber compound, which offers enhanced rebound and slip-resistance.

A proprietary UltraShield protective coating is added to all Supreme Cushion floor mats, which extends the life of the mats, while also helping to protect against damage from constant wear and tear.

- The diamondplate and pebble surface options increase surface traction, especially when constantly moving on, off and around these mats.
- Supreme Cushion mats are produced 1/2" thick and have beveled edges on all sides.
- The UltraShield coating helps these Supreme Cushion mats outperform other foam fatigue mats by more than 50% in both tear resistance and also in tensile strength.
- To clean these anti-fatigue mats, lightly sweep or wipe down as needed.
