

Urethane Recycled Rubber Floor Mat Adhesive

Urethane Rubber Floor Mat Adhesive is an easily applied adhesive designed for interior use with recycled rubber / crumb rubber floor matting products. This heavy-duty adhesive may be used over most structurally sound, moisture-free interior subfloors in high-traffic environments.

- Adhesive tape is not necessary when using this adhesive.
- Non-hazardous, non-flammable and water resistant.
- Simply clean the floor and apply this adhesive and then lay down the rubber flooring (Adhesive is ready to apply to floor when it becomes tacky to the touch).
- 2 gallon pail covers approximately 240 to 320 SqFt.
- 5 gallon bucket covers approximately 600 to 800 SqFt.
