Vinyl Link Logo Mats

Vinyl Link Logo Mats are constructed of square links alternating in color and bound together by stainless steel wires.

This construction creates very long lasting logo mats, made for heavy-trafficked areas, both indoors and outdoors.

This industrial-grade logo mat is tough on scraping feet clean of dirt, debris and moisture.

Beveled edges on all sides for surface-mounted applications; square edges available for recesses.

As links alternate in color to create logo, design will have a digitized effect.

An artist's proof of the logo floor mat will be emailed to you for approval before manufacturing.

Item No: Link
