Vinyl Mesh Pool Mats

Vinyl Mesh Pool Mats are made with an extruded vinyl arranged in a random loop (spaghetti) pattern. These pool mats help remove moisture from the walking surface to help reduce slips and falls.

- These spaghetti mats are available with a vinyl backing and border for increased wear and durability.
- Also available without any backing or borders for use in locations with excessive water drainage such as in hot tubs, pools and shower areas.
- Ideal for moderate traffic, inside/outside locations.
- To clean these mats, simply shake out or hose off.
