

Washer/Dryer Rubber Floor Mats

Washer / Dryer Rubber Mats are made from an indestructible, heavy-duty rubber with a textured surface to help prevent vibrations and 'walking' of the washer and dryer. Washer/Dryer Floor Mats are non-absorbent and anti-microbial treated.

- Washer/Dryer floor mats are completely non-porous and will not absorb any water, detergents or other liquids.
- Available 3/8" thick with beveled edges on all four sides to prevent tripping and stubbed toes.
- A proprietary vulcanization process ensures that these rubber floor mats withstand even the highest-traffic, commercial environments, such as in hotels/motels, apartments and condo buildings.
- These rubber mats are resistant to bacterial growth. (A mitigating agent is added during manufacturing to prevent microbial growth and to reduce potential odors).
- Please note that most washers and dryers are typically around 24-27" Wide and 23-34" Deep.

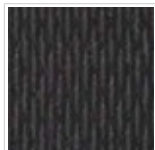

NOTE: All sizes except the 3' x 4' come in two locking pieces.

Item No: WDRFM

Standard Sizes (Approximate)

Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 25+
