## Waterhog Premier **ECO** Entrance Mats

Waterhog Mats are the most popular entrance mats in the industry. Due to their raised chevron design, these mats are extremely aggressive in scraping shoes clean of all grit, grime and water. The Waterhog mat also features a water dam border that holds up to 1.5 gallons of water per square yard. The surface is constructed from an anti-static polypropylene fabric that dries quickly and will not fade or rot, making it a perfect floor mat for indoor or outdoor applications. These mats are rubber backed and bordered, providing for extended life. To clean, simply use vacuum, extraction cleaning methods, or hose off and hang to dry.

Our New Waterhog ECO Line is made from 100% recycled PET post-consumer recycled fiber reclaimed from drink bottles and 15% post-consumer recycled tires

35", 45" and 70" widths available up to 60' Lengths

Gain valuable LEED certification points

Certified Slip Resistant by the National Floor Safety Institute & ADA compliant

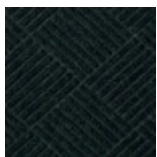

Item No: EWHE
