

Waterhog Swirl Entrance Mats

Waterhog Swirl Entry Mats offer the best of both worlds - these floor mats combine the heavy-duty design of the Waterhog Premier Mat with the superior, 100% Nitrile rubber backing used on Deluxe Carpet Mats. Waterhog Swirl Mats are the most advanced waterhog mats, engineered for heavy-traffic applications and made from recycled materials.

- Waterhog Swirl floor mats work well in any environment: both indoors and outside.
- Each Waterhog swirl entrance mat has a unique, multi-directional ridge pattern which professionally removes water, snow, salts, dust and debris.
- The durable water dam border on this waterhog mat holds liquids and debris in the trenches and keeps them from spilling onto the floor.
- Waterhog Swirl Mats have an anti-static polypropylene surface, which quickly dries and does not fade or rot.
- The Nitrile rubber reinforced surface, borders and sturdy backing give these waterhog mats unsurpassed strength and useful life.
- Clean waterhog swirl floor mats by vacuuming, extraction cleaning methods, or hose off and hang to dry. These mats can even be laundered in a (commercial) washer & dryer.
